

Disability

Access Passport

Purpose

UNISON recognises that in order for our members to fully participate it may be necessary to make some adjustments so that we can ensure, so far as is reasonably practicable, they have the same opportunities to take part across our structures.

The purpose of this Passport is to provide a record of your needs. It also protects your privacy as it will only be shared with the staff who are organising the committee, event or course. The Passport belongs to you, and is for you to keep up to date and to share with us as part of the application process when you are attending a UNISON South East Region event.

Your details

Name:
