Welcome

A heartfelt thank you and a warm welcome to the UNISON South East 2024 Training Programme.

First and foremost, a massive thank you from all of us at UNISON South East for your unwavering support and vital contributions to our members and the wider community. Your dedication is the backbone of our union, and we are immensely grateful.

We are thrilled to roll out our innovative training programme for 2024, continuing to cater to all our dedicated members, whether you're a UNISON Steward, Branch Officer, Health & Safety Rep, Equality Rep, Union Learning Rep, Workplace Rep, or a member keen to dive deeper into what UNISON is all about and how we can mutually benefit one another.

In 2023, we introduced a hybrid learning model, offering a blend of virtual and classroom-based training courses, in response to our National learning survey from January 2022. This approach was warmly received, providing flexibility and accommodating various learning styles and meeting the needs of our members. We are delighted to announce that this option will continue in 2024, ensuring that all members can choose a learning method that suits them best.

Sam and the team have once again worked diligently, in collaboration with TUC tutors, to develop and deliver our core training courses, such as our Organising Stewards, Health & Safety reps, and ERA programmes, both virtually and in-person. Our commitment to providing access to experienced mentors and guiding you through every step of the process remains steadfast.

2024 brings an exciting addition: In alignment with UNISON's Year of the LGBT+ Worker, we will be hosting a series of LGBT+ workshops and webinars to bolster support, awareness, and inclusivity within our union. These sessions will provide valuable insights and tools to foster a more supportive and understanding environment for all our members.

Our programme continues to be rich with short, accessible webinars on pivotal topics, alongside our popular Open University and CRUSE courses. From tackling misinformation with "Hope Not Hate" to exploring "Women's History – The Menopause," we are dedicated to equipping you with the tools and knowledge you need, especially amidst rapidly changing circumstances.

Equalities remain at the core of our activities, and our virtual training programme will be continuously updated with new courses. So, keep an eye on our website and social media pages for the latest news, developments, and additions to our programme.

Our training doesn't only empower you within the union but also supports your career development and confidence building. We are here to signpost you towards further support, information, and learning opportunities across the union, and we remain dedicated to providing top-quality training to ensure you have the skills and tools you need.

A special thank you to our remarkable Regional Education Team, who have worked tirelessly to deliver, develop, and adapt courses on a myriad of subjects, and for conceiving and producing this programme. Their support throughout your learning journey is unwavering, and they will be available to assist you through each of our e-training courses and webinars.

Enjoy your course, stay tuned for more webinars on exciting new topics, and most importantly, stay safe.

Thanks

Important information

What are our courses like?

Our courses are friendly and informal. Our training is aimed at making learning a fun rather than a daunting experience. Everyone's views and experiences are listened to. You will not be lectured at, but given every opportunity to participate and there is no exam at the end unlike school or college.

How do I apply for a course or webinar?

Click on the link next to the event description which will take you to an email address where you will need to register your interest in attending or the link to download a classroom based course application form.

Are there closing dates for courses?

All classroom based and E-learning courses have a 2 week closing date and for webinars it is 48 hours to allow for registration documents and guidance on how to access the systems to be sent.

What happens if I have not received joining instructions for a course that I have applied for?

These will be sent by email 2 weeks before the start of a course but may have gone to your junk email box, if not, please contact George Arnold at educationse@unison.co.uk

What happens if I need to cancel my place on a course?

Due to these courses being in high demand, with waiting lists if we exceed numbers, we ask that you notify us as a matter of urgency to enable us to be able to offer the place to others who may be on the waiting list.

Do you all courses start and finish at the same time?

No, all courses start and finish at different times which we will notify you of, once you have registered your interest in attending.

Am I entitled to time off to attend a course?

Yes, if you are an Activist, you should approach your line manager to arrange time off in the same way you would for annual leave. More details on arranging time off can be found on **page 7**.

Is there a cost for me to attend the course?

Classroom-based courses: £35 per day. Residential course fee: £175 per night. **From 1st March 2024, all online activist courses of 3-hours or more, will be subject to a fee of £10 per day.** All member learning courses will remain free of charge. All fees and travel expenses will be paid by your branch.

What do I do if I have further questions to ask before I apply for a course?

If you have any questions that have not been covered above or need any further information please contact the regional education administration team at educationse@unison.co.uk or questions relating to webinars at membereducationse@unison.co.uk

Do the courses get updated?

Yes. New courses are added on a quarterly basis therefore you will need to check the programme for most up to date information. Please note, due to the Guildford office closure, until further notice, the majority of classroom based courses will be moved to online.

Facility time and managing coursework

What is facility time?

Facility time is time off from an individual's job, granted by the employer, to enable a rep to carry out their trade union role including online/hybrid learning. This can include time off to complete trade union related training.

The right to time off

In workplaces where the trade union is recognised, trade union workplace representatives have a right to paid time off for the purpose of carrying out their trade union duties or to take part in union training.

Where there isn't a recognition agreement or facility time agreement, reps should seek advice from their branch in the first instance in regards to time off for training.

How do I request facility time?

You will need to request facility time from your manager in order to receive time off to complete the course. As soon as you have the dates of the course you would like to complete, approach your manager and request the facility time you require; try and give them as much notice as possible. Make sure to specify the amount of uninterrupted time needed to complete the course and any tutorial dates/times that you must attend.* If you have a work diary or calendar, block out the time that you are completing the course so colleagues know not to interrupt you. If this first conversation with your manager is a verbal discussion, follow up with an email to confirm the conversation.

**For some of our courses there are no set tutorial times and the work can be completed flexibly. Instead you should ask for the amount of hours per week needed and that this can be taken at any time during*

your working week. For example, for our online Organising Stewards course, you should ask for 6 hours per week of facility time to complete the course (5 hours for the coursework, 1 hour to discuss queries and questions with your mentor) Be sure that specific time is allocated in your diary to complete the work.

Time management and managing coursework

We recommend that you dedicate time to complete the course each week. It can be hard to complete the course if you are unsure when you will get an opportunity to complete the coursework. Set aside specific times to complete the work, even if it is one of our courses that can be completed flexibly.

Points to consider

Where are you going to be doing the online course? In a busy or loud environment which may be distracting? Somewhere where you are likely to be interrupted? If possible find a quiet space to complete the course either at work or at home.

What equipment are you going to use? To access all of our E-learning courses, you will need a tablet or computer. If you are using your employer's IT equipment, then make sure you have permission to use it for a trade union course. Most facility agreements allow you to use employer equipment, but check with your branch if you are unsure.

ERA (Employment Relations Act 1999) Refresher Training

What is it?

By law, all workplace representatives are required to undertake training at least once every five years to keep up to date and maintain their ERA certification. The refresher course aims to update reps on new legislation which is relevant to their role and introduce new developments within UNISON.

The legal position

The Trade Union and Labour Relations (Consolidation) Act 1992 makes provision for trades unions to elect officials in workplaces to act as representatives of the union. The Act, in conjunction with the ACAS Code, requires the employer to give reasonable time off to these trade union officials to carry out duties which are concerned with industrial relations, and to undergo training in aspects of industrial relations. UNISON identifies officials accredited under the 1992 Act as Stewards.

PLEASE NOTE:

This is the only course that complies with ERA recertification.

More details will be released soon so you book your spot with us!

TUC Centre

TUC Education provides training for more than 57,000 union representatives, Health & Safety representatives and union learning representatives each year.

They offer high quality training through a network of TUC approved providers across the UK where learners achieve nationally recognised educational credits and qualifications.

TUC courses encourage everyone to learn in a friendly, supportive environment, usually in surroundings designated for trade union courses. Courses are offered flexibly to suit the needs of union representatives and through the traditional day-release model.

For many reps this is a second chance to learn. A range of learning pathways has been established, offering all reps the opportunity to achieve their full potential.

The following is the TUC approved college and contact that UNISON South East uses for training.
